

Google | CS First

At the Addams Coding Club, we're teaching **Google CS First Game Design** to your child. Students will use their current district assigned Chromebooks to complete the coding lessons.

Google CS First is a free program that increases student access and exposure to computer science (CS) education. This program includes Game Design, in which students learn basic video game coding concepts by making different types of games, including racing, platform, launching, and more using block-based coding language called Scratch.

The Coding Club will meet in Room 209 after school on the following dates from 2:20 - 3:50.

Monday Afternoons:

October 18th
October 25th

November 1st
November 8th
November 15th
November 22nd
November 29th

December 6th
December 13th
December 20th

If you have any questions, feel free to contact me.

Mrs. LaRocque
