

Dear Addams Parent/Guardian,

Check out Dreambox for some fun math practice this summer. Below you can find directions on how to access this resource on your home device.

To Access DreamBox on a Browser:

- Your student can access DreamBox Learning from any computer, all you need is an Internet connection.
- Use this link: <https://play.dreambox.com/login/ntg2/npve>
- Your student will then be directed to the following screen, where they can log-in using either a username/password or classroom code.
- You can find your student's information on the login card sent home from their teacher.

The screenshot shows the DreamBox Learning login interface. It is divided into two sections by a vertical line. The left section is titled 'Text Login:' and contains two input fields: 'Username:' and 'Password:'. Below these fields is a green 'LOG IN' button. The right section is titled 'Classroom Code:' and contains a single input field labeled 'Code:'. Below this field is a green 'LOG IN' button.

To Access DreamBox on an iPad

- To download the DreamBox Learning Math app, go to <https://www.dreambox.com/ipad>, or search for "DreamBox Learning Math" in the App Store.
- If you already have the app installed, you'll want to make sure the latest version of the app has been installed so your student receives the most current experience and lessons.
- When prompted in the app, enter this school code: [ntg2/npve](#)

If you have any questions, please visit the Dreambox support site or email them at homesupport@dreambox.com.

Dreambox at Home Reminders

We know it's difficult, but please resist the urge to help with answers so that your child does not move ahead before they are truly ready.

Follow the tips and reminders below to help your child find success with Dreambox at home.

- ① Allow for 15 to 20 minute sessions throughout the week
- ② Mistakes are okay! Encourage completion of every lesson that is started.
- ③ Listen to the program feedback and try again.
- ④ Your child can use the help/hint button.
- ⑤ Give your best guess! What do you already know?
What do you think you should do next?
What happens when you try that?
